

WHOLE FAMILY IS WIPED OUT
IN CROSSING SMASH

Calgary, Aug. 17.—A whole family, consisting of a father, mother, two sons and a daughter, was wiped out when the C. P. R. southbound train, crashed into an automobile containing five tourists at the level crossing, at the west end of the town of Okotoks, 30 miles south of Calgary at 7:30 o'clock Thursday evening.

The dead are:
Deputy Sheriff Arthur J. Clarke, aged 40 years, of Sunburst, Mont.
Mrs. Arthur Clarke, aged 38 years.

Miss Adn Clarke, aged 16 years,
Garry Clarke, aged 10 years,
Lloyd Clarke, aged 5 years.

Three Killed Instantly
Mr. Clarke and the two boys were killed almost instantly. Mrs. Clarke died on the train while being rushed to the High River hospital at 9:30 o'clock Thursday evening, and Adn Clarke died in the High River hospital at 9:30 o'clock Friday morning.

The accident which was described as the worst in the history of the Calgary district is believed to have been caused when Clarke, driving a sedan into Okotoks, became temporarily blinded by the almost oblique rays of the setting sun and failed to notice the approaching train which was just steaming into the Okotoks town limits after leaving Calgary at 6:30 o'clock.

The bodies of Mr. Clarke and the two boys were brought to Calgary Thursday evening and taken to the Armstrong Funeral Home, and the bodies of the mother and daughter are still in High River.

Calgary, Aug. 20.—The level crossing collision at Okotoks last Thursday evening in which Deputy Sheriff Arthur J. Clarke of Sunburst, Mont., his wife and three children lost their lives, was accidental, and the train crew was in no way to blame. This was the finding of a coroner's jury which sat at the inquest Saturday afternoon at Armstrong's Funeral Home.

According to the only independent eye-witness of the accident, Harry F. Robins of Okotoks, the Clarkes' auto was going too fast when it approached the crossing. All witnesses agreed that the engineer gave sufficient warning of the train's approach, while one witness stated the setting sun would have partially blinded Mr. Clarke, the driver of the auto.

In returning its verdict, the jury recommended that adequate protection against similar accidents should be placed on the crossing, and that a slow order should be given all trains on that line. They also asked that their recommendations should be passed on to the Board of Railway Commissioners.

There is the story in the news of the saxophone player who was arrested for disturbing the peace. Just shows what prejudice will do. The fellow who beats the bass drum is never arrested.

A vacation is a simple matter of quitting for a period what you are doing regularly, provided you're not a loafer.

Some matches are made in heaven, the porch swing serving as a mundane accessory.

Utopia must be a place where there are no streets that need paving.

The pacifist accomplishes nothing by making people fighting mad.

English table silver. A1 plate. A bargain for cash. May be examined at Dilly's Cafe, Macleod.

CARS "MEET" HEAD-ON NORTH
OF MACLEOD—ONLY SLIGHT
INJURIES

A bad motor accident, which might have been more serious in its results, occurred on the Macleod-Calgary highway, about four miles north of Macleod, on Wednesday night. A Paige touring car with George Woods and J. W. McIntosh, C. P. R. employees of Lethbridge, with the latter driving, came in collision, head-on, with an Erskine coach driven by Elmer F. Atkinson of Noholfer, with whom were his wife and family.

The Atkinson car was travelling north and the other car south, at the rate of about 25 miles an hour, when they met. Mr. Atkinson thought that the car he was meeting was not going to give him enough room to pass on the left, so pulled over to the right of the road.

Mr. McIntosh headed his car to the right so that he could pass the approaching car on the proper side, with the result that both cars collided head-on, with considerable damage done to both.

The windshield of the Paige car was broken, and the flying pieces of glass cut Mr. Woods and Mrs. Atkinson. One of the Atkinson youngsters had a tooth knocked out, but otherwise nobody was hurt beyond a shaking.

The windshields of the Paige car was broken, and the flying pieces of glass cut Mr. Woods and Mrs. Atkinson. One of the Atkinson youngsters had a tooth knocked out, but otherwise nobody was hurt beyond a shaking.

NATION BUILDING

According to the census returns, and counting the population of Canada in the way the census does it, by racial origins, we see that in 1871 those of British blood or origin were 60.5 per cent. In 1881 (the first set foot in Canada) had fallen to 58.9 per cent. By 1901 the proportion of British blood had fallen still further to 57 per cent, and twenty years afterwards, when the last national census was taken, it was only 55.4 per cent.

Those of French origin were roughly one half of the British, and foreign element in this country had fallen from 8 per cent in 1871 to a little more than 16 per cent in 1921. In the last two years and a half there has been a tremendous rise in the number of these foreigners, especially from central and southern Europe, and it is this fact, brought about by the so-called "railway agreement" and the rigid enforcement of the U. S. A. quota restriction, which constitutes a nation problem for Canada both on the open prairies of the West and in the cities of the East.

In the building of any new nation the first question must be, will it be homogeneous, of one nature in its blood; or will it be heterogeneous, a mixture of all nations, in other words, a melting pot. Some of the papers in Canada are rather fond of using this idea of a "national melting pot" in their editorials, although on the very next page the same paper will warn every farmer to do the opposite with his pigs and cows.

A well known lawyer in Chicago has recently written a book of five hundred pages, on "America, A Nation of Confusion." In this he shows that the American melting pot has been boiling for nearly one hundred years, and has only succeeded in sending the original 47 per cent American stock to the bottom of the pot, to be sneered at by every newcomer as out of date "nativism," while the froth and bubble at the top has produced every kind of hyphenated-American, keeping his feet and filling his pockets in America while his loyalties are in Italy, Slovakia, Ireland, Germany and anywhere else, except in the States. His illustrations from New York and Chicago are very much to the point, and every Canadian enamoured of the "melting pot" idea should buy and read Edward R. Lewis' book, published by Harper of New York.

I was a little more emphatic in my estimate of the effect of this "melting pot" idea on the national life of Canada, and instead of "confusion," I called it "mongrel." Some persons took that to mean individual foreigners, but the term was used deliberately to show what this nation will become, if the "melting pot," "open door" policy continues, a "mongrel" Canada in comparison with a "British" New Zealand.

Apply the "melting pot" idea to the Canadian half dog. Fifty per cent is going to be bull dog. The two hind legs will be French poodle. One fore leg will be Austrian wolf hound and the other leg will be German, they are coming in by thousands. The tail will be 100 per cent of the population. A poor dog will have no inside. As the British Tommy in the trenches would say: "nice dawg that, he ain't got no guts." That would be the heterogeneous dog, the product of the "open door" and the "melting pot."

The essential question before Canadians today is this: Shall Canada develop as a British nation within the Empire, or shall she develop by the introduction of so much alien blood that her British instincts will be paralyzed? Is Canada to remain a homogeneous British nation like she was in 1901, or is she to become a second South Africa?

It is perfectly true that Canada can never be a really homogeneous British nation like New Zealand, because of the original French, and because of their language and customs. But we need not add to that inherent difficulty, manufacturing more heterogeneousness, by deliberately bringing in these thousands of dishomogeneous foreigners to add to our problems.

England has paid dearly for her foolish but idealistic policy of the "open door," and two-thirds of her troubles to-day are caused by the invasion of floods of Continentals who abused her liberty and made it license.

The United States are seriously trying to repair their mistake of the "open door" and the "melting pot," but it is very late and their crowds of hyphenated-Americans will not cease to perplex for fifty years to come. And the rigid application of their remedy the Quota, is causing our flood. Will Canada have the common sense to learn in time by these examples and refuse definitely to allow her fair British heritage to degenerate into "any man's land."

REPORTS ON WHEAT POOL
HOLDOVER FROM 1927 BRAND-
OUTRAGEOUS—ALBERTA
POOL OFFICIALS INCENSED
OVER REPORTS REACHING
CHICAGO THAT ARE UNTRUE
AND GIVES MARKET BEARISH
TURN—NO REASON FOR
PANIC—POOL STRONG

The Alberta Wheat Pool has issued the following statement with reference to rumors concerning the Organization which have been circulating in many newspapers for the past few weeks:

Statements emanating from various sources to the effect that the Wheat Pool has an enormous carry-over from the 1927 crop, and is in a "blue funk" because of the large volume of new crop to be delivered with the Valleyfield, are entirely untrue. Neither is the Wheat Pool thinking of running to cover under the protecting wing of any Government.

The estimates of the Wheat Pool carry-over have been placed in certain newspapers as that of anything up to 70,000,000 bushels. As a matter of fact the Wheat Pool carry-over this year will not be any larger than that of last year and possibly less.

It is true that the Canadian wheat crop will be large this year, but such ridiculous estimates as that of 70,000,000 bushels which was recently wired from Winnipeg to Chicago are entirely uncalled for and do a great deal of damage. As a matter of fact the crop may not exceed that of last year and outrageous estimates only tend to lower prices.

The Pool handled last year's crop in spite of the damaged condition of a large percentage of it, in a capable and efficient manner. There are no grounds for the belief that it will not handle the forthcoming crop in an even more efficient way. Pool members can rest assured that their

organization is functioning smoothly, and that they will get the very best average price obtainable for their wheat. There is no reason for members becoming panicky.

The Wheat Pool is entering their second contract period in very considerable strength. Undoubtedly the membership will be increased very rapidly during the next few months. Five years of operation has given the Pool Directors and Officials invaluable experience and it is only reasonable to expect that each succeeding year more efficiency will be attained.

Waterloo National Park Aug. 20.—W. J. Armstrong, well known Lethbridge citizen, while motoring alone on Saturday night to Waterloo Park to spend the week end with his family, met with a severe accident on the road south of Macleod. It is believed that in taking a turn in the road at too great a speed, the car ran into a ditch. Mr. Armstrong was rendered unconscious for a time and when discovered was found to be badly bruised about the body and head. He was taken to the Macleod hospital and is likely to be confined there for some days.

It is about time for the amateur gardener to put on that puzzled look when he compares his product with that of the seed-package artist.

Once Caillaux lost out for dealing with the enemy; the last time for dealing with another stranger, common sense.

Dr. Nicholas Murray Butler will keep on pestering the politicians until somebody mentions him for vice president.

THURSDAY, AUGUST 23rd, 1928

DEATH OF CATHRINE A. SCOTT

A highly respected and well known resident for many years of Pincher Creek passed away early Wednesday morning August 22 at the Macleod Hospital, in the person of Mrs. Cathrine A. Scott, widow of the late James J. Scott, who was one of the old time business men of Pincher Creek.

Miss Cathrine Wilson before her marriage to Mr. Scott some 25 years ago, came to Pincher Creek in 1901 and taught in the Pincher School for 2 years previous to her marriage in 1903. She was born at the old family homestead at Griesville, Ontario, and came west to Pincher Creek from Griesville. Her husband predeceased her about 12 years ago and for 10 years after his death she resided in Pincher Creek, her sister Miss Adeline Wilson stayed with her, until they removed to Macleod about two years ago, to be near other three sisters who lived in Macleod.

During Mrs. Scott's residence in Pincher Creek, she was one of the

most energetic and enthusiastic women workers in the town. Any good work for the advancement of the town had her loyal support and willing help, more especially was she interested in the work of St. John's Church, where she was always a leader and enthusiastic worker in all the organizations of the Church. Her value as a member of the Church was fittingly recognized by the handsome presentation that was made to her on the occasion of her leaving Pincher Creek and coming to Macleod.

Mrs. Scott had not been in very good health for 2 or 3 years but was always able to get around and ever bright and cheerful among her many friends, until two weeks ago yesterday she had a Paralytic stroke, which brought the end Wednesday morning.

The funeral will take place Thursday afternoon at 2:30 from St. John's Church, Pincher Creek, the services being conducted by the Rev. Mr. Blunt the Rector of the Church. Mrs. Scott is survived by four sisters all living in Macleod, Mrs. Tripp, Mrs. Walker, Miss A. M. Wilson and Miss Adeline Wilson. The sympathy of a large circle of friends is being extended to the sisters in their bereavement, this being the first break in the family.

MACLEOD TENNIS PLAYERS VISIT CLARESHOLM

Wednesday afternoon last week saw a very interesting tennis tournament played on Clareholm's courts, when Macleod sent up a number of enthusiastic players for a test of strength. Pat O'Flaherty had the courts in tip-top shape, much to the delight of the visitors, and everything went off smoothly. Clareholm came out on the long end of the score, the points being 141-197. The social committee served hot tea, sandwiches and iced, using the band stand nearby for that purpose.

It is proposed to send a team down to Macleod from Clareholm next week.

FOR

Dependability

Firestone engineers found that the life of a tire depends as much upon the flexing life of the cords of the carcass, as upon the toughness of the tread.

To provide extra strength, stamina, and long wear, Firestone dips the cords of the carcass in a rubber solution. This saturates and insulates every strand of every cord, minimizing internal friction and gives thousands of extra miles. The Firestone Dealer in your locality will gladly serve you, and save you money.

WEDDING BELLS

DIXON-ARMER

A quiet but pretty wedding occurred at Calgary on Thursday, August 16th, 1928 at the United Church parsonage, Rev. W. A. Lewis officiating, when Dorothy Armer, oldest daughter of Mr. and Mrs. W. Armer, of Macleod, was united in marriage with Talbot F. Dixon, second oldest son of the late Alfred Dixon and Mrs. Alfred Dixon of Macleod. The bridesmaid was Miss M. McFadden, and the best man Chas. J. Pettifoe. The bride was handsomely gowned in poudre blue georgette, and carried a bouquet of pink roses. The bridesmaid was attired in green chiffon and carried a bouquet of white carnations. The bride and groom spent a short honeymoon at Banff, returning to Macleod on Friday evening, August 17th, where they have taken up residence. The newly married couple have many friends in Macleod and district who are felicitating them on this auspicious occasion and wishing them all happiness in their married life.

HART-McILWAINE

A quiet wedding took place at the Central Presbyterian Church, Thurlow Street, Vancouver, B. C., on Tuesday, August 14th, when Gwendolyn Stewart, youngest daughter of Mrs. M. H. McIlwaine, Vancouver, B. C., was united in marriage to Alexander Hart, only son of Mr. and Mrs. John Hart, of Macleod, Alberta.

The ceremony was performed by the Rev. Thos. Wilson, assisted by Rev. W. E. Kelley, of Lethbridge, Alta.

The attendants were Miss Pearl Hart and Mr. Edward McIlwaine. Following the ceremony a luncheon was given at the home of the bride's mother, Caroline Court, Nelson St. Mr. and Mrs. Hart left on the afternoon train for Southern California, where they will spend their honeymoon; on their return they will reside at Cranbrook, B. C.

EVERY CITIZEN

OF THIS TOWN AND EVERY

RESIDENT of THE DISTRICT

is interested in the

GROWTH AND DEVELOPMENT

OF THIS COMMUNITY

Remember Then That:

The business of a town is its very life-blood.

The stores and business houses are not alone for the merchants.

Prosperous merchants will make the community prosper. The more buyers there are in a town, the greater "turn over" the merchants will have, and thus the more they will be able to reduce prices and increase the quality of the goods they sell.

Thus By Trading at Home

with the home town merchants the people thus become the builders of their own community.

No True Citizen

will stunt the natural growth and expansion of his home town by fostering the mail order business of far away communities.

Buy At Home

not to help the merchants, but to help the home community and yourself.

If You Wish To Sell United Grain Growers' Stock

We shall gladly quote you the best price for either fully or partly paid stock.

CHEVROLET

On the Job

~ over all roads
~ in all weathers
~ at all times

WITH the superb ease of a thoroughbred that takes all in its stride, the "Bigger and Better" Chevrolet never falters in the most trying circumstances—proves its mettle on the steepest grades and in the face of the greatest obstacles.

The ruggedness of Chevrolet construction alone makes these things possible. There is no part of the engine—of the chassis—of the body that was not designed primarily for rugged endurance—put to the test again and again on the General Motors Proving Ground.

As a result the "Bigger and Better" Chevrolet sturdily climbs without a halt, the steep slopes of the Rockies, and ploughs its way through the deep mud and gumbo of half-made prairie trails. In whatever conditions it may be placed, the splendid ruggedness of Chevrolet remains loyal in the service of its owner.

Its long life has become proverbial—the very name Chevrolet is a synonym for strength that endures.

The "Bigger and Better" Chevrolet—beautiful in form—luxurious in appointments—supremely rugged in construction—powered by the famous Valve-in-head engine—offers solid, enduring, trustworthy performance even under adverse conditions.

No matter what the roads—no matter what the weather—at all times the "Bigger and Better" Chevrolet stays on the JOB.

The G.M.A.C. General Motors' own deferred payment plan affords the most convenient and economical way of buying your Chevrolet on time.

PRODUCT OF GENERAL MOTORS OF CANADA, LIMITED

Glenwood News

J. Wood.

The Hovis Brothers are already combining fall wheat, using the swather.

Glen Wood made a trip to Calgary this week to purchase a new caterpillar engine for his father E.

Two, and possibly more combine harvesters are being purchased in the district this fall. The two are

those of E. J. Wood and Ervins Billingsley.

Mr. and Mrs. Jack Nelson, of Claresholm made a visit to Glenwood on Sunday, returning home in the evening.

Mrs. J. C. Nelson returned home after a three weeks visit in Claresholm.

Prospects for a good harvest are very favorable, the hot weather of the past two weeks is ideal for ripening grain.

Ervin Billingsley and wife and Earl Seeley and wife spent the week-end at Waterton.

E. A. Law and party spent a day at Waterton this week.

The Ogilvie Elevator is nearly completed and will soon be ready for work, it is rumored that a local man will be put in there as manager.

Mrs. Sarah Law is still very ill

showing little improvement.

Mr. and Mrs. Milton Butler took a holiday trip leaving Thursday for Calgary, they intend to return by way of Banff.

The new Ogilvie elevator is practically finished and nearly all of the crew have been transferred.

Messrs. Alvin and Wm. Nelson, Ervin Looze and their wives returned this week from a week's fishing trip at Belly River Lakes. They report an enjoyable outing with the fishing good.

Harvesting of spring wheat has commenced in the Glenwood district and this week will see it in full swing. A considerable percentage of the grain will be harvested with swather and combine.

Quite a number of local people attended the fair at Cardston Friday and Saturday. The Glenwood district exhibit took first prize as a district exhibit.

Because of the great number of wild oats and other weed seeds in the crops this year, a petition is being set to the Wheat Pool requesting them to install a cleaner at their elevator here.

Mr. Owen Billingsley of Glenwood and Miss Thora Seely of Castle Dale, Utah were married at Cardston on Wednesday Aug. 15. They spent the remainder of the week at Waterton Park returning on Sunday to a wedding dinner at the home of the groom's mother. The people of the community join in wishing them happiness and prosperity.

The Glenwood Mutual Improvement Association furnished the program for the Sunday evening services at Hill Spring.

The new residence being erected by the Alberta Pacific Grain Co. is fast nearing completion. This building will be occupied by Mr. H. Eastman, the agent of the A. P. here.

Canada's Market - The Empire

ROLL down the map of the world. Follow the British Empire red through the continents and across the seas. There you see beckoning markets for Canada—where fewer trade restrictions intervene, where British tradition is appreciated, where Canada is known. There we can sell. There we can also buy.

Canada is buying more Empire goods than ever before—things we cannot grow or make—raw materials for our factories. Since 1922 Canada's imports from Empire countries have increased 67 per cent. Last year we bought Empire goods to the value of \$250,000,000.

And what is Canada selling the Empire? Last year we shipped \$500,000,000 worth of our products to other British lands, an increase of 44.3 per cent. in six years.

The various parts of the Empire want more Canadian goods. A demand exists among them for Canadian manufactures, or for the products of Canadian lands or waters. But we must see that our exports are maintained at a rigid standard, that they are packed as consumers desire, and that our prices are right.

To encourage this growing Empire trade, eleven of Canada's twenty-four Trade Commissioners abroad, are working in Empire centres. They are familiar with the demands of the people among whom they live. Their services and the information they gather are at the command of any Canadian producer or exporter. To get into touch with Trade Commissioners, write the Commercial Intelligence Service, Department of Trade and Commerce, Ottawa.

When you buy Empire goods, you do a part in making possible greater Canadian exports to these sister countries. Where we sell, we must also buy.

Wishart, B. A., into the pastoral charge of that congregation. Having motored from their former home in Macleod, Alta., Mr. and Mrs. Wishart had arrived in the city the preceding day and at the close of the service on Friday they took up residence in the manse.

The Presbytery was presided over by the moderator, Rev. Mark of St. Stephen's Church, New Westminster, who also put the questions of the formula and in the presence of a congregation that filled the church to the doors, inducted Mr. Wishart. The sermon was preached by one of the veteran leaders of the Presbyterian Church, Rev. Dr. MacBeth, now minister of St. Paul's, Vancouver. The newly inducted minister was addressed by the synodical missionary, Rev. Dr. Douglas, while the charge to the people was given by the interim moderator, Rev. Oswald, who, since the resignation of the former minister, Rev. Duncan Campbell, has spared no pains to see that the vacancy was suitably filled.

An interesting feature of the evening's proceedings was the presence at this service of the last three ministers of the congregation, all still members of Westminster Presbytery. Not only were these three ministers present, but also their wives, thus with the newly inducted pair, a strong double quartette was available. It is not often in the Presbyterian Church of long pastorate, that such a thing as this occurs. But on Friday night there was reviewed the work of the last 22 years in Cooke's Church. Rev. R. J. and Mrs. Douglas occupied the manse for seven years, from 1906, coming to the town before the days of electric lights, city water and sidewalks. Then in 1913, still in the days of the horse and carriage, Rev. H. C. Fraser took charge for four years, marrying in 1916 Miss Kathleen Henderson, daughter of the pioneer doctor of the church and valley. In 1918, Rev. Duncan and Mrs. Campbell moved into the manse. After a successful pastorate of ten years Mr. Campbell recently accepted a call to the church at Sapperton, New Westminster. Thus in the four couples present on Friday night there was the regular succession of ministers for the last twenty-two years.

During the evening Mrs. Fraser, accompanied by Miss Davis, sang "The Lord is My Light," and with the same accompanist, Mr. Jack Keith interpreted a beautiful gospel solo.

After the induction, Mr. and Mrs. Wishart were introduced to the congregation by the interim moderator and the clerk of session, Mr. C. H. Cowen. At the conclusion the Ladies' Aid served refreshments in the schoolroom.

On Sunday Mr. Wishart preached to large and attentive audiences, each message having the genuine gospel ring.—The Chilliwack Progress.

STANDOFF INSTITUTE IN REGULAR SESSION

The Stand-Off Women's Institute held their regular monthly meeting last week at the home of Mrs. Wallace Hovis, when there was a very good attendance of members considering the busy season of the year. Mrs. Wm. Perria was convenor of the meeting and she gave a most interesting and instructive paper on education. One subject which she specially stressed, that she considered should be taught in rural schools, was the principles of co-operation and another subject was the baneful influence and destructiveness of war.

(OPERATING THE CHILD'S SAVING PLAN)

LOCAL AND PERSONAL NEWS

W. Currie was a motor visitor to Lethbridge on Friday of last week.

W. Morton of Cranbrook, was a visitor to Macleod this week.

Miss Laura Hamilton is spending a few weeks' vacation visiting friends at Caledon.

Joe Charlton, of the Calgary Herald staff, was a business visitor to Macleod on Friday of last week.

Mrs. D. J. Grier, accompanied by Miss May, David, and the younger children, is spending a holiday at Waterton Lakes Park.

Mrs. A. C. McBride and Master Lloyd are spending a few weeks visiting Mrs. McBride's mother, Mrs. A. Ferguson, of Macleod.

Robert Dixon, formerly of the Macleod Supply, has taken over the auto transfer and draying business of George Chugg.

Mr. and Mrs. J. T. Doney returned on Monday from Vancouver where they had spent two weeks visiting friends.

Mrs. James Ringland and daughter Mina were visitors to Pincher Creek, attending the fair, and were the guests of Mr. and Mrs. A. L. Freebairn.

Mr. and Mrs. J. A. Swinerton, accompanied by Mrs. Swinerton's parents, Mr. and Mrs. L. A. Kennedy, left on Monday for a motor tour of the coast cities. They expect to be away for two or three weeks.

Commissioner W. C. Bryan, of the A. P. Police, was in Macleod this week, returning from the Police convention at Boise, Idaho, where he was appointed president of the Association in Alberta.

T. H. Hewitt, of Coleman, formerly well known resident of Macleod, has returned to his old stamping grounds here, and will open up an agency for Buick and Pontiac cars and General Motors' Trucks. Mr. Hewitt will occupy the premises back of the K. A. Y. Realty with entrance through the K. A. Y. Mr. Hewitt has a wide clientel of friends in Macleod and district who will be pleased at his return and who will

no doubt accord him their patronage in his business enterprise.

Mr. and Mrs. H. Sutherland were Calgary visitors this week.

Leslie Sheffield, of Lethbridge, was a visitor to Macleod for a few days this week.

Mr. and Mrs. M. Maunsell were motor visitors to Cardston on Friday of last week.

Born--To Mr. (Constable) and Mrs. J. B. Carter at Macleod Hospital, on Thursday, August 16th, a son.

Carl Edlund, local representative of the Western Natural Gas Company, is acting accountant in the Lethbridge office for a few weeks.

Miss Marion Reid returned from Lethbridge this week where she has been the guest of Mrs. Robert Allison Cooke.

Mr. and Mrs. R. Hamilton and family left on Wednesday for a motor tour to Banff and Windermere.

Miss Winnifred Neville returned to St. Paul's Mission on Friday last after spending a few weeks visiting friends in Macleod.

J. D. Matheson, K. C., and C. W. "Bill" Adams, Arthur Young, went on a fishing trip over the week-end. They report a pleasant time with all kinds of good sport.

Miss Doris Watson, who has been an invalid for several weeks with internal trouble following an operation for appendicitis, is now progressing satisfactorily towards recovery.

Mr. and Mrs. Hugh Bellerby, well known residents of Hazelton, left on Sunday evening last for Montreal, where they will take the C. P. R. liner for England, and where they intend making their future home. Mr. Bellerby took up farming in this district on his return from active service in 1919, and since that time he has had misfortunes in crop failures one after the other. This year he had over a hundred acres of the best wheat in the district, but after the hail had finished with it there was not a stem left standing, and this last calamity brought about his sudden departure for his old home in England. Mrs. Bellerby, who is an accomplished musician, was presented with a piece of silver by the parishioners of the parish a few days prior to her departure. Mr.
